In this bold and inspiring new book, Matthew Syed - the bestselling author of *Bounce* and *Black Box Thinking* - offers a radical new approach to success and a route map to how we can tackle our most complex challenges, such as obesity, terrorism and climate change.

Rebel Ideas draws upon cutting-edge research in psychology, economics and anthropology, and takes lessons from a dazzling range of case studies, including the catastrophic intelligence failings of the CIA before 9/11, a communication breakdown at the top of Mount Everest and a moving tale of deradicalisation in America's Deep South.

It is a book that will strengthen any institution or team, but also offers dozens of individual applications too: the art of personal reinvention, the extraordinary benefits of personalised nutrition and how to break free of the echo chambers that surround us all.
