If we want to do something in the best possible way, the first thing we need to do is understand what we are dealing with and what we want to do.

Thinking, Fast and Slow is a book in which readers can find much useful advice regarding this matter.

The way we think plays tremendous role in how we live our lives, how we will react to different situations, how (the way) we communicate with others, how we make decisions, and how we solve our problems - all of this is deeply rooted in the way we think.

The author, Daniel Kahneman, writes about the way the human brain works and divides it into two sections, which when combined, create a perfect whole.

Thinking, Fast and Slow is written so that its readers can make better decisions.
